Currently pursuing a dual Master's degree, I am seeking a long-term internship starting the first week of February 2027, to apply my skills in data analysis, research and international relations. Passionate about leveraging technical and organizational expertise, I would love to discuss how I can contribute to your team. I'd be delighted to meet for an interview to explore this further.

WORK EXPERIENCE

U.S. Consulate General — *July 2026 – August 2026*
Executive Intern, Political and Economic Affairs Assistant — *Marseille - France*

- Analyzed and report political, economic and social evolutions within the consular district to provide input for the Consul General's notes
- Collaborated on special projects, research, notes and official communications, including organizing official events linked with the reception of the new Consul General
- Drafted several briefing books used by members of the U.S. Congress during official visits, which were praised for their clarity and accuracy

Chamber of Commerce and Industry — *June 2026 – July 2026*
Intern in charge of the data project "12th consumer survey" — *Saint-Etienne/Lyon - France*

- Structured and cleaned databases for a consumer survey covering approximately 18000 households (collection, updating, verification)
- Contributed to drafting strategic documents and facilitating internal and external meetings
- Extracted and analyzed sector-specific data and proposed a new survey indicator based on Google data to enhance the studies produced by the Chamber of Commerce and Industry

GATE Lyon Saint-Etienne, Economics Research Laboratory — *November 2023 – May 2024*
Research Assistant, Machine Learning — *Saint-Etienne - France*

- Trained an OCR model to improve data extraction accuracy from hand-written archives for a European-wide research project about social mobility
- Supported research preparation by drafting technical specifications and providing preliminary support for French, Spanish and German researchers

STAS, Public Transportation Agency of Saint-Etienne — *4 consecutive summers (2021-2025)*
Subscription Service Assistant — *Saint-Etienne - France*

- Managed high-volume customer service, handling up to 30 clients per day (phone, email and subscriptions) during peak periods, notably addressing software migration issues
- Expanded responsibilities over 4 summers, including front-office tasks and adapting to organizational changes
- Identified recurring users' needs to streamline internal processes
